

KMC Child Supervision Policy Matrix

This matrix provides standards for the supervision of children within the KMC. Parents are ultimately responsible for the welfare and actions of their children, and failure to exercise those parental responsibilities may constitute child neglect. Parents must use good judgment and consider the physical, emotional and psychological maturity of their child when determining the level of supervision required. Children with a history of ADHD, ADD, Developmental Delay, behavior problems, impulsivity, psychiatric problems or other impairments should not be given the degree of self-management/responsibility indicated in this policy.

PARENTS ARE ULTIMATELY RESPONSIBLE FOR THE SAFETY AND SUPERVISION OF THEIR CHILDREN.

¹ A child is considered to be “attended” when in the presence of, or under the protection of (within sight or hearing), an appropriate caregiver. Completion of Red Cross Baby-sitting class and Infant/Child CPR is strongly recommended for every teen before caring for other children.

² When left unattended in quarters, children must have access to an adult – parent’s phone number, neighbor, etc. Parents must designate a responsible adult to periodically check in on the children. If left overnight, a medical power of attorney is strongly recommended.
