

Venison and personal hygiene

*** Disturbing image warning: This section includes photos of harvested game being field dressed and prepared for cool storage.**

Field dressing at the site where harvested game are lined up

Use drinking
water

Dressing an animal
in the *Wildkammer*
in the hanging
position

Good lighting makes it easier!

Dressing a hare

Transporting
harvested game
(or, in this case, roadkill)
in a game tray
(*Wildwanne*)

Game processing facility (*Wildkammer*)

Sink and
sterilization area

The cooling chamber

Removing the hide

During the entire process, the “clean” hand is guiding the knife,

the “unclean” hand is lifting the hide.

Knocking off the
hide using the fist

Trim bullet hole areas (entrance and exit wounds)
