# Product information sheet

## You are interested in HanseMerkur travel insurance – a good choice!

Please take a look at this information sheet to get a quick overview of the insurance you want. Please note, however, that this sheet does not contain all of the information relating to your policy. You can find the full policy content in the insurance application form, the insurance certificate and the insurance terms and conditions. Each type of insurance cover listed below is only valid if you specifically conclude these contracts, i.e. if it is included in your chosen insurance cover!

## What kind of insurance is it?

Your insurance is time-limited travel insurance. The scope and individual benefits included in your contract are determined by your chosen tariff.

## What scope does your insurance cover have?

### TRAVEL HEALTH INSURANCE

The travel insurance policy insures the medically appropriate and reasonable costs of return transport to the hospital closest to your place of residence and the treatment medically required and any medically necessary treatment for diseases that occur during your stay. We will reimburse any costs of illnesses and accidents that happen within the period insured. For example, this includes treatment by a doctor or in a hospital or the cost of medications. For in-patient stays at hospitals that last more than 5 days, we will organise travel to the hospital for a person close to you and will assume any costs connected with this. Please see the insurance terms and conditions for the complete policy schedule.

### TRAVEL CANCELLATION INSURANCE

The travel cancellation insurance covers the reimbursement of costs that are incurred when you cannot make your trip because of an insured event arising. For example, insured events include unexpected and serious illness, accidental injury and pregnancy. Please see the insurance terms and conditions in the Section "Travel cancellation insurance" for the full policy schedule.

### HOLIDAY GUARANTEE (TRAVEL INTERRUPTION INSURANCE)

If you have chosen to insure with the holiday guarantee, there is insurance cover in the event that you have to discontinue, interrupt or extend your trip because of an insured event. For example, where a trip is interrupted within the first half of the period of the trip (maximum of 8 days), we will reimburse you with the full cost of travel. For example, insured events include unexpected and serious illness, accidental injury and pregnancy. Please see the insurance terms and conditions in the Section "Travel interruption insurance" for all policy benefits.

### EMERGENCY INSURANCE

If your travel insurance includes emergency insurance, you will receive various assistance services in the case of an emergency. This includes help with the loss of cash and/or travel cheques or travel documents. We will help with rebooking if you have missed booked transportation. If travel is interrupted, we will organise your return travel and give you a loan for the additional costs of return travel. Please see the insurance terms and conditions in the Section "Emergency insurance" for all policy benefits for emergency insurance.

### TRAVEL ACCIDENT INSURANCE

Where travel accident insurance is taken out, we will pay a lump sum (disability benefit) if you suffer permanent injuries as a result of an accident (e.g. restrictions to movement, paralysis or amputations). The amount of the disability benefit depends on the agreed insured sum and the degree of disability. Please see the insurance terms and conditions in the section "Travel accident insurance" for the complete policy schedule.

### LUGGAGE INSURANCE

If you have taken out luggage insurance as part of the scope of insurance, your luggage is insured against loss, destruction and damage, provided that it is in the care of a transport company or accommodation provider. Should your luggage go missing or be destroyed or damaged by theft, traffic accidents or natural occurrences (e.g. fire, storms, floods), this is also insured. If an insured event occurs you will receive compensation up to the amount of the insured sums. Please see all policy benefits for luggage insurance in the section "Luggage insurance" in the insurance terms and conditions.

## What should you note when paying premiums?

The amount of the premium is based on the selected insurance cover. You can find the exact premium for each insurance cover in the premium overview for the individual insurance products. The insurance cover does not commence until the premium is paid, at the earliest. Please see the insurance terms and conditions for the due date for this, as well as further information.

## When does HanseMerkur not provide travel cover?

Generally, if the policyholder or insured person intentionally causes the insured event. We exclude a few cases from insurance cover based on the following categories. There is no insurance cover, in particular, for:

### TRAVEL CANCELLATION INSURANCE AND HOLIDAY GUARANTEE (TRAVEL INTERRUPTION INSURANCE):

If the insured event is caused by an illness which was known at the time that the insurance was taken out and which was treated in the 6 month period before the insurance cover was taken out.

### LUGGAGE INSURANCE:

Damage caused by items being lost, dropped or left unattended. In addition, cash, cheques, credit cards and securities are not insured.

### TRAVEL ACCIDENT INSURANCE:

Accidents that are caused by the consumption of alcohol or drugs. Illnesses and symptoms of physical decline, such as back pain caused by constantly sitting down, strokes and heart attacks, are not deemed to be accidents.

### TRAVEL HEALTH INSURANCE:

Illnesses and accidents as a result of deliberate intent or treatment following suicide attempts.

### TRAVEL LIABILITY INSURANCE:

For any losses that arise to items that are loaned, leased and rented.

## What contractual obligations do you have?

All information given when concluding the insurance contract must be complete and true. If you violate this, you are compromising your insurance cover!

## What obligations do you have when an insured event occurs?

You should make every effort to keep the damage as low as possible! Avoid anything that could lead to an unnecessary increase in costs. Notify HanseMerkur of the damage immediately. Please see "Obligations" in the insurance terms and conditions for further obligations.

## What are the legal consequences for you if you do not comply with the obligations?

Very important: if one of the obligations is breached, HanseMerkur can reduce your benefits based on the degree of fault. This can lead to loss of the entire insurance benefit. More information can be found in the insurance terms and conditions ("Obligations" and "Breach of obligations").

## When does the insurance cover start and end?

The insurance cover only begins when the premium is paid, but not before the agreed time, and it ends on an agreed expiry date.

## Terms and Conditions of Travel Insurance VB-RKS 2014 (T-D)

In the present Terms and Conditions of Insurance, the policyholder and insured persons are referred to as "you". You are the policyholder if you have concluded an insurance contract with HanseMerkur. You are an insured person if, for example, you are travelling with the policyholder and are also insured under the terms of the policy. The policyholder may also be an insured person.

Your Terms and Conditions of Insurance comprise two sections. **Section A** contains information on insured persons, insurance deadlines and payment of premiums. This section also outlines the restrictions and codes of conduct (obligations) that apply to all insurance policies. **Section B** includes the scope of cover for the individual insurance policies. In addition to benefits and eligibility for benefits, this section also stipulates exclusions and codes of conduct applying only to the relevant insurance policy.

### A: General Section

(valid for all insurance policies specified in Section B)

#### 1. By which date and for which term does the insurance policy need to be concluded?

A travel cancellation insurance policy must be concluded at least 30 days before the start of the trip. If there are 30 days or fewer between the booking and the start of the trip, the travel cancellation insurance policy must be concluded no later than the 3rd working day following the booking of the trip. For all other insurance policies, the contract must be concluded before the start of the trip and for the entire duration of the trip.

The contract is not effective if you fail to observe these deadlines when concluding the contract, even if a premium has been paid. In such a case, you are entitled to a refund of the premium paid.

#### 2. When does insurance cover start and end?

- Your cover under a travel cancellation insurance policy commences upon conclusion of contract. It ends when a first claim for travel cancellation insurance benefits is made. In other insurance policies, cover begins at the start of the trip and ends on the agreed date and no later than the end of the insured trip.
- Insurance cover is extended beyond the agreed time if the planned end of the trip is delayed for reasons that are not your responsibility.

#### 3. When does the premium fall due for payment?

- The premium falls due for payment immediately upon conclusion of contract.
- If premiums are collected from an account, this is done immediately after authorisation for direct debit is given. A payment is deemed to have been made in a timely manner if the premium can be collected and you do not object to the proper collection of the payment. If the premium due cannot be collected by us for reasons which are not your fault, payment will still be deemed to have taken place in a timely manner if instigated immediately upon receipt of a written demand for payment from HanseMerkur.
- If the premium is not paid in a timely manner and payment is made at a later date, cover does not commence until said later date. HanseMerkur is not required to pay benefits if the premium has not been paid when an insured event occurs.
- If payment of the premium is not made in a timely manner, HanseMerkur may withdraw from the contract for the duration of the period of non-payment. HanseMerkur may not withdraw from the contract if you are able to demonstrate that you are not responsible for the failure to pay.

#### 4. Who is insured?

The persons named in the policy schedule or the group of people specified in the insurance certificate are covered by the insurance policy. If a family insurance policy is concluded, a family is classed as comprising a maximum of two adults accompanied by at least one travelling child under the age of 21 (regardless of family relationship). A total of up to 7 people may be insured under a family insurance policy.

#### 5. To which trips does cover apply?

Cover applies to trips within the contractually agreed scope. Journeys by vehicle and on foot within your place of permanent residence and stays within your place of permanent residence do not count as travel.

#### 6. In which cases does HanseMerkur not pay benefits?

HanseMerkur does not pay benefits if:

- you maliciously deceive us regarding circumstances which affect the reason for or amount of the benefit;
- you act with intent in causing the damage.

#### 7. What do I need to do in the case of an insured event (obligations)?

- Keep the damage to a minimum and avoid everything that might result in an unnecessary increase in cost.
- You must provide all information regarding the insured event truthfully and in full. You must fully complete and return the claim form sent to you. Any receipts and relevant information additionally requested by HanseMerkur must be provided in the same way.
- Compensation claims against third parties are covered by HanseMerkur to the amount of the payment made according to the legal provisions. HanseMerkur is required to ensure that you do not suffer any disadvantage in this regard. If necessary, you are required to assist with the assertion of the compensation claim.
- HanseMerkur is no longer required to pay benefits if you act with intent in breaching one of the above obligations. In the case of grossly negligent breach of an obligation, HanseMerkur is entitled to reduce benefits in accordance with severity of fault. Cover will remain in place if you able to demonstrate that you did not act in a grossly negligent manner in breaching the obligation.

#### 8. When does HanseMerkur pay compensation?

- Payment will be effected within 2 weeks in circumstances where HanseMerkur has determined its duty to pay and identified the amount payable.
- HanseMerkur converts costs incurred in a foreign currency into euros using the exchange rate on the day when it received the relevant receipts. The official currency exchange rate will apply insofar as you have not acquired the foreign currency to pay the invoices at a less favourable rate. HanseMerkur may deduct from the benefits any additional costs incurred by making transfers abroad or by using certain particular forms of transfer requested by you.
- Payment obligations from other insurance contracts and state insurance providers take precedence over HanseMerkur's duty to provide insurance cover. HanseMerkur will make an advance payment if it is the first body to which the insured event is reported. HanseMerkur will waive the sharing of costs with a private health insurance company if this results in disadvantages for the insured person, e.g. loss of contribution refund.

#### 9. Which law applies?

The present Terms and Conditions of Insurance are further governed by the German Insurance Act and by the Law of the Federal Republic of Germany.

#### 10. What is the limitation period for my claims?

Claims under this insurance contract have a limitation period of 3 years. The period of limitation begins at the end of the year in which the benefit can be requested. If you have reported a claim, limitation is postponed until such time as you receive a decision from HanseMerkur in writing.

#### 11. Which court is responsible?

Claims against HanseMerkur may be asserted in Hamburg or at the relevant court at your permanent place of residence or, in the absence of any permanent place of residence, at your usual place of residence at the time when you bring a claim.

#### 12. What are the formal requirements and language of declarations of intent?

Declarations of intent and notifications made to the insurance company must be in writing (letter, fax, e-mail, electronic data media, etc.). The contract language is German.

### B: Special Section

(dependent upon the selected scope of insurance)

## Travel cancellation insurance

#### 1. Which sum must be insured?

The amount of the sum insured must at least correspond to the price of the trip. If you take out insurance for a lower sum, the compensation amount is reduced in the proportion of your premium payment to the cost of the trip (under-insurance).

#### 2. When is an insured event deemed to have occurred?

HanseMerkur will pay benefits if you or an insured person are affected by an insured event that makes it unreasonable for you to begin your trip as scheduled.

#### 3. Which events are insured?

- Breakage of prostheses or loosening of implanted joints
- Intolerance to a vaccine
- Notification of a date to donate or receive organs and tissue (living donation) under the German Transplantation Act

- Loss of job followed by unemployment as a result of an unexpected redundancy. Loss of orders or insolvency in the case of self-employed persons are not insured.
- Commencement of a job subject to mandatory social insurance contributions or ending a state of unemployment by entering a work activity with compensation for additional costs (so-called "1-euro job"). The above requires you to be registered as unemployed with the Bundesagentur für Arbeit (Federal Employment Agency) when the trip was booked. The commencement of internships, operational or training measures of any kind and, for school pupils or students, work during or after school or study time are not insured.
- Short-time work that is necessary due to the economic situation with an expected reduction in income of at least the amount of regular monthly net pay. The above requires the employer to report the short-time work between the conclusion of the insurance and the start of the trip.

- Missing a public transport connection which has been booked and which is covered by the insurance policy because of a delay in public transport of more than 2 hours, or if a connection is cancelled. Public transport means all inner-German vehicles authorised for passenger transport by air, land or water. Means of transport used as part of round trips/round flights, rental cars, taxis and cruise ships do not count as public transport or public transport connections.
- Unexpected serious illness, serious injury through accident or intolerance to vaccination of a dog or a cat registered to travel

#### 4. Who are the insured persons?

Insured persons are as follows.

- Persons who have booked a trip with you. This does not apply if more than 6 persons or, in the case of family tariffs, if more than 2 families book a trip together.
- Your relatives and the relatives of your spouse or life partner. Such relatives include children, adopted children, step-children, foster children, parents, adoptive parents, step-parents, foster parents, grandparents, siblings, grandchildren, aunts, uncles, nephews and nieces.
- Persons looking after non-travelling minors or care-dependent relatives of an insured person
- Accompanying persons on group trips to the extent that the cover has been separately agreed (e.g. trips with teachers, parents, skippers)

#### 5. Which benefits are covered by my travel cancellation insurance in the case of an insured event?

##### 1. Reimbursement of cancellation costs

HanseMerkur will reimburse you for the contractually owed cancellation costs if you do not embark upon a trip or attend a seminar or for the price of entrance tickets if you do not attend an event. This additionally includes an agency fee of up to EUR 100 per person or per rental property. If you have booked and insured services that cannot be cancelled, HanseMerkur will reimburse you for the cost of the trip or ticket.

##### 2. Reimbursement of additional costs of outward journey

In the event of a delay to the start of the trip, HanseMerkur will cover the additional costs of the outward journey in line with the type and quality of travel originally booked. ##### 3. Reimbursement of rebooking costs

If a trip is rebooked, HanseMerkur will reimburse you for the rebooking costs incurred up to the amount of the costs that would have been incurred if the trip had been cancelled. If you rebook a trip up to 42 days before the start of the trip in circumstances where an insured event has not occurred, HanseMerkur will reimburse you for the costs of the rebooking up to an amount of EUR 30 per person or property.

##### 4. Reimbursement of single room supplements

If you booked a double room with an insured person who has to cancel the trip for an insured reason, HanseMerkur will reimburse you for the single room supplement and additional rebooking costs or proportionate costs of the person cancelling the double room up to the amount of the costs of a full cancellation.

#### 6. Which additional cover do I have when booking tariffs for cruises?

If you miss a cruise ship because of a delay in public transport of more than two hours, HanseMerkur will compensate you for the additional costs of travel demonstrated to have been incurred according to the type and quality of travel originally booked. Reimbursement will be made up to the cancellation costs owed which would have been incurred if the trip had been cancelled, up to a maximum of EUR 1,500.

#### 7. Which cover restrictions do I need to consider?

##### 1. Pre-existing conditions

Medical conditions known upon conclusion of the insurance contract and treated in the 6 months preceding the conclusion of the contract are not covered. Check-ups are not deemed to be treatment.

##### 2. Psychological reactions

HanseMerkur does not pay benefits in the case of illnesses which have apparently occurred as a psychological reaction to terror attacks, to plane or bus accidents or as the result of the fear of civil unrest, war, Acts of God, diseases or epidemics.

##### 3. Foreseeability

HanseMerkur does not pay benefits if it was evident that the insured event would occur when the contract was agreed.

##### 4. War and other incidents

HanseMerkur does not cover if the insured event was caused by: war, civil war, incidents similar to war, civil unrest, strike, nuclear power, impoundment, withdrawal or other higher authority interventions, or active participation in violent acts during public meetings or demonstrations.

#### 8. When does excess need to be paid?

Unless agreed otherwise, the following applies. In the case of an unexpected and severe medical condition which requires outpatient treatment for the patient, excess is 20 % of the reimbursable damage and at least EUR 25 per insured person or property. No excess is calculated for other insured events.

## 9. What do I need to do in the case of an insured event (obligations)?

### 1. Immediate cancellation

In order to keep the costs to a minimum, you must cancel your trip with your operator immediately upon occurrence of the insured event.

### 2. Evidence of the amount of damage

All receipts relating to the amount of the claim, e.g. the calculation of cancellation costs, must be submitted as originals.

### 3. Evidence for insured events

You must provide suitable original receipts as evidence for an insured event. Doctor's certificates must contain diagnosis and treatment data. Insofar as HanseMerkur deems it necessary, we may arrange for inability to travel to be certified by means of an assessment carried out by a specialist.

### 4. Consequences in the case of non-compliance with obligations

The legal consequences of breaching one of the above obligations are set out in Clause 7.4 of the General Section.

## Holiday guarantee (travel curtailment insurance)

### 1. Which sum must be insured?

The amount of the sum insured must at least correspond to the price of the trip. If you take out insurance for a lower sum, the compensation amount is reduced in the proportion of your premium payment to the cost of the trip (underinsurance).

### 2. When is an insured event deemed to have occurred?

HanseMerkur will pay benefits if you or an insured person are affected by an insured event that makes it unreasonable for you to begin your trip as scheduled.

### 3. Which events are insured?

1. Unexpected and severe illness, death, injury through accident or pregnancy
2. Breakage of prostheses or loosening of implanted joints
3. Intolerance to a vaccine
4. Notification of a date to donate or receive organs and tissue (living donation) under the German Transplantation Act
5. Significant damage of at least EUR 2.500 to your property as a result of fire, a burst water main, an Act of God or criminal acts committed by a third party (e.g. burglary)
6. An unexpected court summons, provided that the court does not accept your holiday booking as a reason to defer the summons
7. Adoption of a minor to the extent that your required presence to complete the adoption occurs within the travel time
8. Missing a public transport connection which has been booked and which is covered by the insurance policy because of a delay in public transport of more than 2 hours, or if a connection is cancelled. Public transport comprises all transport by vehicles approved for public transport of passengers by air, land or water. Means of transport used as part of round trips/round flights, rental cars, taxis and cruise ships do not count as public transport or public transport connections.
9. If your travel destination suffers avalanches, landslides, flooding, earthquakes or hurricane and you are forced to extend the trip due to a natural disaster or elementary event at the holiday destination.

### 4. Who are the insured persons?

Insured persons are as follows.

1. Persons who have booked a trip with you. This does not apply if more than 6 persons or, in the case of family tariffs, if more than 2 families book a trip together.
2. Your relatives and the relatives of your spouse or life partner. Such relatives include children, adopted children, step-children, foster children, parents, adoptive parents, step-parents, foster parents, grandparents, siblings, grandchildren, aunts, uncles, nephews and nieces.
3. Persons looking after non-travelling minors or care-dependent relatives of an insured person.
4. Accompanying persons on group trips to the extent that the cover has been separately agreed (e.g. trips with teachers, parents, skippers)

### 5. Which benefits are covered by my holiday guarantee in an insured event?

Unless otherwise stated below, the quality of the trip booked is considered when compensating for the costs cited below relating to transport, accommodation and board.

#### 1. Additional return journey and accommodation costs

If you have to curtail your trip or need to delay your return, HanseMerkur will reimburse you for the additional costs of the return journey back where evidence can be provided. Direct additional costs such as accommodation and board are also covered. If a return journey by plane not included in the original booking is required, reimbursement will be made for the costs of a seat in economy class only.

If an insured person travelling cannot be transported due to an insured event, or if an event pursuant to Clause 3.9 occurs, HanseMerkur will reimburse you for the additional accommodation costs.

#### 2. Travel services not used

In the event of curtailment within the first half of an insured trip no later than within the first 8 days of travel, HanseMerkur will reimburse the travel price insured. In the event of curtailment within the second half of an insured trip (no earlier than within the first 9 days of travel) or in the case of an interruption to the trip, HanseMerkur will provide compensation for travel services not used.

If the amounts of the individual travel services cannot be objectively demonstrated (e.g. package holidays), HanseMerkur will provide reimbursement for the unused days of the trip proportionately to the duration of the whole of the trip. In such cases, compensation is calculated as follows:

Travel days not used x trip price

Original duration of the trip

Days of outward travel to and return travel from the destination count as full travel days.

No insurance cover applies to unused travel services in circumstances where you have only taken out insurance for the travel or flight tickets for outward travel to and return travel from the destination.

### 3. Additional travel costs in the event of interruption of the trip

If you have booked a round-trip or cruise, HanseMerkur will reimburse the costs of transport required for you to rejoin the travel group from the location at which the trip had to be interrupted. The total costs in the event of interruption of a trip can only be recognised up to the amount of the costs that would have been incurred in the event of premature termination of the trip.

## 6. Which cover restrictions do I need to consider?

#### 1. Pre-existing conditions

Medical conditions known upon conclusion of the insurance contract and treated in the 6 months preceding the conclusion of the contract are not covered. Check-ups are not deemed to be treatment.

#### 2. Psychological reactions

HanseMerkur does not pay benefits in the case of illnesses which have apparently occurred as a psychological reaction to terror attacks, to plane or bus accidents or as the result of the fear of civil unrest, war, Acts of God, diseases or epidemics.

#### 3. Foreseeability

HanseMerkur does not pay benefits if it was evident that the insured event would occur when the contract was agreed.

#### 4. War and other incidents

HanseMerkur does not pay benefits if the insured event was caused by one of the following events: war, civil war, incidents similar to war, civil unrest, strike, nuclear power, confiscation, impoundment or other higher authority interventions, active participation in violent acts during public meetings or proclamations.

### 7. When does excess need to be paid?

Unless agreed otherwise, the following applies. In the case of an unexpected and severe medical condition which requires outpatient treatment for the patient, excess is 20 % of the reimbursable damage and at least EUR 25 per insured person or property. No excess is calculated for other insured events.

## 8. What do I need to do in the case of an insured event (obligations)?

#### 1. Evidence of the amount of damage

You must send us original receipts for the costs of the additional return journey or additional travel costs to rejoin the group.

#### 2. Evidence for insured events

You must provide suitable original receipts as evidence for an insured event. Doctor's certificates must contain diagnosis and treatment data. Insofar as HanseMerkur believes it to be necessary, it may have the matter of inability to travel certified by means of assessment by a specialist.

#### 3. Consequences in the case of non-compliance with obligations

The legal consequences of breaching one of the above obligations are set out in Clause 7.4 of the General Section.

## Travel health insurance

Cover applies to trips abroad within the agreed scope of the tariff. "Abroad" does not include the territory of the country in which you are resident.

### 1. When is an insured event deemed to have occurred?

An insured event constitutes necessary medical treatment due to illness or the consequences of an accident. The insured event starts with treatment and ends once there is no longer medical evidence of the need for treatment. A new insured event occurs if medical treatment needs to be extended to encompass an illness or consequence of an accident not causally related to that previously treated. An insured event also includes medically necessary treatment due to complaints during pregnancy, premature births up to the 36th week of pregnancy, miscarriages, medically necessary abortions and death.

### 2. Do I have a free choice of physicians and hospitals?

When abroad, you have a choice of physicians, dentists, alternative practitioners, chiropractors, osteopaths and hospitals legally approved and certified for the country of stay, to the extent that these charge fees based on the relevant official, applicable fee schedule - if such a fee schedule exists - or charge fees based on the usual local rates. The hospital must be a facility approved and certified as a hospital in the country of stay, be under permanent medical supervision, have sufficient diagnostic and therapeutic options and maintain patient records.

### 3. Which treatment methods are covered?

HanseMerkur pays benefits for examination or treatment methods and for medicines that are fully or largely accepted by traditional medicine. In addition, it pays for methods and medicines which have become established in practice as equally promising or which are used because no traditional medical methods or medicines are available. These methods may include medical treatments and prescriptions based on the specific areas of homeopathy, anthroposophy or phytotherapy. In such cases, HanseMerkur may at any time reduce benefits to the amount that would have been incurred had existing traditional methods or medicines been used.

### 4. Which benefits are covered by my travel health insurance

If it is certain that you will have to stay in hospital for more than 5 days, HanseMerkur will on request organise the journey of a family member to the site of the hospital and back to the place of residence. - e) Hotel costs

If a booked stay is disrupted or extended as a result of the hospital stay, HanseMerkur will reimburse the insured person and travelling persons also insured under the terms of the policy for additional overnight costs for up to 10 days. This amount is limited to EUR 2,500.

#### 7. Telephone costs for contacting the emergency centre

If an insured event occurs, HanseMerkur will reimburse phone costs resulting from initial contact with the emergency service centre.

#### 8. Compensation for expenses

You are initially required to submit all costs of medical treatment to another service provider/insurance company participating in the reimbursement. In such a case, HanseMerkur will pay you a hospital daily benefit for up to 14 days of EUR 50 per day if you are treated as an inpatient. In the case of outpatient treatment (regardless of the number of treatments and diseases), HanseMerkur will pay an additional one-off amount of EUR 25.

HanseMerkur does not pay benefits for the following.

- Treatments which were the sole reason or one of the reasons for embarking upon the trip
- Treatments in respect of which it was clear before commencement of the trip that such treatments would have to be performed if the trip took place due to the fact that a medical condition had already been diagnosed by a physician. An exception in this regard is made if the trip took place due to the death of a spouse or a first-degree relative.
- Medical conditions including the consequences of such conditions and the consequences of accidents which are caused by foreseeable war events and an active participation in violent acts during unrest. War events and civil unrest are deemed foreseeable if the Foreign Office of the Federal Republic of Germany releases a travel warning for the relevant country before the start of the trip.
- Health resort and sanatorium treatments and rehabilitation measures. Notwithstanding this, cover applies if such treatments follow insured inpatient hospital treatment due to a severe stroke, severe heart attack, or severe skeletal disease (spinal disc operation, hip prosthesis) and serve to reduce the length of stay in an acute-care hospital. HanseMerkur must be informed of the planned stay and approve such benefits in writing before the start of treatment.
- Withdrawal measures including withdrawal treatment
- Outpatient treatment at a spa or health resort. This restriction does not apply if medical treatment becomes necessary due to an accident occurring in such a facility. This restriction does not apply to medical conditions in circumstances where the insured party is only at a spa town or health resort temporarily and is not attending for treatment.

## Travel accident insurance

### 1. When is an insured event (accident) deemed to have occurred?

#### 1. Definition of the term "accident"

An accident is deemed to occur if you involuntarily suffer damage to your health because of a sudden external incident (accident).

Your insurance also covers typical health damage caused by diving, e.g. decompression sickness or eardrum injury, without the necessity for an actual accident, i.e. a sudden external incident which has an effect on the body, to occur. Death by drowning or suffocation underwater when diving also counts as an accident.

#### 2. Extended definition of the term "accident"

An accident is also deemed to occur if a joint or the spine is dislocated or if muscles, tendons, ligaments or capsules are pulled or torn due to increased exertion on limbs or the spine. Meniscus and spinal discs are neither muscles, tendons, ligaments nor capsules. They are not therefore covered by this provision.

Increased exertion describes a movement where muscle use exceeds normal, everyday actions. Individual physical condition is material for determining muscle use.

### 2. Which benefits are covered by my travel accident insurance? Which deadlines and other conditions apply to the individual types of benefits?

#### 1. Invalidity benefit

Invalidity is deemed to exist if your physical or mental ability is permanently impaired as a result of an accident. Impairment is permanent when it is expected to last longer than 3 years and a change in the situation is not to be expected. If you suffer invalidity due to an accident, HanseMerkur will pay the invalidity benefit up to the amount of the agreed insured sum. Unless agreed otherwise, the sum insured is:

EUR 40.000 for adults  
EUR 10.000 for children under the age of 18

Invalidity benefits are not covered in tariffs for trips across the surface of the earth (e.g. by car, train or bus).

- The invalidity must occur within 15 months of the accident and be established in writing by a physician.
- You must inform HanseMerkur of your invalidity claims within 6 months of the identification of invalidity. If you miss this deadline, the claim to invalidity benefits is excluded.
- No claim for invalidity benefit exists if you die as a result of the accident within one year of identification of invalidity. In such a case, HanseMerkur will pay a death benefit (Clause 2.2) to the extent that this has been agreed.
- Invalidity benefits are a one-off payment. Calculation of the benefit is based on the agreed sum insured and on the degree of invalidity due to the accident.
- The degree of invalidity is based on the schedule of compensation below to the extent that the body parts or sensory organs affected are listed there and otherwise depends on the extent of the long-term normal physical or mental impairment (Clause 2.1.f). The health condition due to the accident that can be established no later than at the end of the third year after the accident is material.

If the following body parts or sensory organs or their full function are lost, the following invalidity levels named here apply exclusively.

#### Schedule of compensation

<input type="radio"/> Arm	70 %
<input type="radio"/> Arm to above the elbow	65 %
<input type="radio"/> Arm below the elbow	60 %
<input type="radio"/> Hand	55 %
<input type="radio"/> Thumb	20 %
<input type="radio"/> Index finger	10 %
<input type="radio"/> Other finger	5 %
<input type="radio"/> Leg above the centre of the thigh	70 %
<input type="radio"/> Leg to the centre of the thigh	60 %
<input type="radio"/> Leg to below the knee	50 %
<input type="radio"/> Leg to the centre of the lower leg	45 %
<input type="radio"/> Foot	40 %
<input type="radio"/> Big toe	5 %
<input type="radio"/> Other toe	2 %
<input type="radio"/> Eye	50 %
<input type="radio"/> Hearing in one ear	30 %
<input type="radio"/> Sense of smell	10 %
<input type="radio"/> Sense of taste	5 %

In the case of a partial loss or partial loss of function, the relevant part of the degrees of invalidity stated applies.

- For other body parts or sensory organs, the degree of invalidity depends on the extent to which the normal physical or mental performance as a whole is impacted in the long term. An average person of the same age and gender is used as the benchmark. Measurement is exclusively based on medical aspects.
- Prior invalidity is deemed to exist if the affected body parts or sensory organs were already permanently impaired prior to the accident. This is measured on the basis of Clauses 2.1.e and 2.1.f. The degree of invalidity is reduced by prior invalidity.
- Degree of invalidity if several body parts or sensory organs are affected  
An accident may impact on several body parts or sensory organs. In such a case, the degrees of invalidity determined based on the conditions above are totalled together. Notwithstanding this, scores of more than 100 % will not be considered.
- If the event that the insured person dies before invalidity can be measured, HanseMerkur will pay an invalidity benefit if death does not occur due to the accident within one year of the accident (Clause 2.1.c) and if the other conditions for benefits in the event of invalidity pursuant to Clause 2.1 are met.

HanseMerkur pays benefits according to the degree of invalidity which would have been expected based on the findings of a physician.

- Changes to the health condition may occur after the degree of invalidity has been measured. You and HanseMerkur are entitled to have the degree of invalidity reassessed annually by a physician. Both you and HanseMerkur have such a right until 3 years after the accident at the latest. If HanseMerkur requests a reassessment, it will notify you of such a request together with an explanation regarding your payment obligation. If you wish to undergo reassessment, you must inform HanseMerkur of this within 3 years of the accident.

If the final assessment results in a higher invalidity benefit than HanseMerker has originally provided you with, annual interest of 4 % will be paid on the additional amount awarded.

## 2. Death benefit

In the event that death occurs within one year of the accident, HanseMerker will pay a death benefit in the amount of the agreed sum insured.

Unless agreed otherwise, the sum insured is:

EUR 20.000 for adults

EUR 10.000 for children under the age of 18

In the case of tariffs for trips across the surface of the earth (e.g. trips by car, train or bus), the sum insured is EUR 15.000 adults and EUR 10.000 for children under the age of 18.

## 3. Costs of cosmetic surgery

The present Clause deals with circumstances in which you have undergone cosmetic surgery to correct impairment of your external appearance due to an accident. To the extent that teeth are affected, only incisors and canine teeth are deemed to form part of the external appearance.

Cosmetic surgery must be performed by a physician after the end of medical treatment. For adults, such surgery must be conducted three years after the accidents, and for minors such surgery must be conducted prior to the person's 21st birthday.

A further prerequisite in this regard is that no third party (e.g. health insurance company, liability insurance provider) is required to reimburse costs nor is in dispute regarding payment obligation. HanseMerker will reimburse doctor's fees and other surgery costs where such costs have been demonstrated and have not been paid by third parties and will further reimburse necessary costs of accommodation and board at a hospital and costs of dental treatment and prostheses under the same proviso up to the amount of the agreed insurance sum. Unless agreed otherwise, the sum insured is EUR 5.000 for each insured person.

In the case of tariffs for trips across the surface of the earth (e.g. trips by car, train or bus), the costs of cosmetic surgery are not covered.

## 4. Costs of search and rescue and recovery

The present Clause deals with circumstances in which following an accident you have incurred search, rescue and recovery costs from public or private sector search and rescue service providers costs or have incurred costs for transport of the injured person to a hospital or special clinic on medical instructions.

HanseMerker will reimburse any costs for which evidence can be provided and where no third party pays costs up to the amount of the insured sum. Unless agreed otherwise, the sum insured is EUR 5.000 for each insured person.

In the case of tariffs for trips across the surface of the earth (e.g. trips by car, train or bus), the costs of search, rescue and recovery are not covered.

## 3. Which cover restrictions do I need to consider?

### 2. Contributory effect

If illnesses or infirmity have contributed to damage to health and to the consequences of such damage caused by the accident, the benefit will be reduced by the proportional effect of the illness or infirmity if this proportion amounts to at least 25 %. If illnesses or infirmity have contributed to damage to health and to the consequences of such damage caused by the accident, any claim to benefits is lost if this proportional effect amounts to more than 50 % or is explicitly excluded in Clause 3.3.
