

Providing information on Child and Youth Services, DoDEA schools, Homeschooling and Off base options

The **Kaiserslautern Military Community and Baumholder Military Community School Liaison Office** is dedicated to assisting community partners in providing military families the best possible education for all students. The School Liaison Offices serve to connect schools, families and community services to address issues impacting the education of military children. The School Liaison Office believes that education is a parental choice; we neither encourage, nor discourage, Department of Defense sponsors from pursuing alternative education services or programs.

Youth Sponsorship

The Youth Sponsorship program is available at all Army installations. The purpose of the sponsorship program is to alleviate stress associated with transitions. This program gives youth the opportunity to assist their peers by providing school and community information.

Students who are interested in being sponsors, receive training. When incoming youth request a sponsor, they are paired up with another youth who has similar interests. The two youth staying in touch until the new youth arrive.

This program is a win-win situation for both students as it is rewarding for the youth sponsor and the new youth has an acquaintance prior to arrive.

If your youth is interested in having a youth sponsor, prior to arriving in the Kaiserslautern or Baumholder Military Communities, please email the [School Liaison \(USAGRPSLO@army.mil\)](mailto:USAGRPSLO@army.mil).

United Homeschoolers of Germany

UHSG is a volunteer lead inclusive support group for homeschooling families in the Kaiserslautern/Ramstein area. The members are comprised of homeschooling families living temporarily in Germany. They encourage diversity and welcome all regardless of race, religion, or homeschool style. Together, they provide a network of support where homeschooling families can share ideas, organize field trips or enrichment classes, connect with local organizations, provide information about living in Germany, and help families new to homeschooling. Because of the unique and often transient nature of this community, UHSG strives to offer a welcoming and safe place for parents as well as children. Email:

GERMAN SCHOOL INFORMATION

In general, to enroll, for Elementary School (Grundschule grades 1-4), you will need to visit the school which serves the area you live. Administrators can request a basic knowledge of the German language, however it is not mandatory. Admission will have to be discussed with the administration of the school, who usually requests approval from the German Authorities.

Just like in the US, your residence determines where your child will go to school. Before starting school, the children will need to be screened by a German doctor at the Health Department correlating to the school they are zoned for.

Elementary Schools in Germany service grades 1-4. After 4th grade, the German school system splits, based on your child's academic abilities. For more information, please talk to your village's elementary school or Rathaus (City Hall).

German schools often start around 0800, but let out earlier in the afternoon. Elementary schools usually end between 1215 and 1315. Students are required to bring a snack/bag lunch to eat during recess around 1000. In general, there is no option to purchase food or drinks at the schools and there are no water foundations.

Keep in mind, the German School System may follow different recess schedules. They will have to attend school on several US Holidays (Veterans Day, Thanksgiving, etc), but will be out on German Holidays.

The German Public school system is free of charge, with the exception of required books and materials, which need to be purchased by the parents. Some schools may offer for students to rent books for a reasonable fee.

Students stay in a "Klassenverband" all through Elementary School, meaning they remain with the same classmates for the entire four years of Elementary School. They often keep the same homeroom teacher throughout the entire time as well, but will still be taught by other teachers in classes like PE or Music, for example.

**** For more information on the German school system, please visit the Rathaus (City Hall) in your village. ****

German Kindergarten Information

German Kindergartens serve children ages 2-6 and are varied in their policies. Priority for spaces are for citizens of the EU in many of the kindergartens. Some programs having waiting lists, so please take that into consideration when looking for care. If spaces are available, they will probably accept your child right away. Some kindergartens do not allow families with SOFA status in their programs, due to spaces are for families who pay German taxes.

There is no single listing of kindergartens as almost every village has one. Some are run by the church and others through the local city government. As you decide on potential locations to live, you can begin to inquire about the local kindergartens. Please check directly with your Rathaus or Verbandsgemeindeverwaltung ("City Hall") for your village to check if there are any spots available at your local German Kindergarten.

There are Waldkindergartens, "Forest Kindergartens" in some villages. Children are primarily outdoors.

Once you know where you will live, it will be much easier to define what your choices are especially with regard to German Kindergartens.
